Providing children în deprived areas where schools are below standard with back to school kits that enable the child to learn în class is vital to the future of the poorest. Within St RCHF we also help to avert housefires again în poor rural areas where is often no mains electricity via our partners GEH we supply free solar light kits. This avoids the danger of a family using open flame devices like candles that are the cause of many a dwelling fire resulting în human death and destruction of the property each year în Northeast Romania.
