

St RCHF în partnership with Give Eur-Hope brought untold happiness to children from Stefanesti including Stâncă village în August with a special summer câmp.

The câmp was held at the beautiful Vorona Monastery in Botosani County of Romania where children each day enjoyed 3 full meals prepared by the Orthodox Sisters who also showed each child much love throughout the camp. As with all of our camps over many years for needy children there were NO charges to neither parents or children who were chosen to attend. In this way we were able again to offer to the most neediest of children a free holiday.

Children were billeted în 2 separate superb dormitories being one for girls and the other for boys and each morning all attended Church before a full breakfast was served. Activities included trekking, organised games like sack races and ball games each day aş well aş a visit to Vorona village which hosts a cultural house and historic museum. Children also learned how to pitch tents one afternoon which is a new skill they may need în later life.

A mini workshop with the support of Iasi Public Health department on health subjects that are child and young people related. At the last day of câmp some children had enjoyed their days so much that they asked can we stay another day or two! Here with our valid partners were were again able to offer a holiday to children who had no chance of such because of family circumstances.
